Plots before the removal of outliers for the poses of the straight motion with object of small m

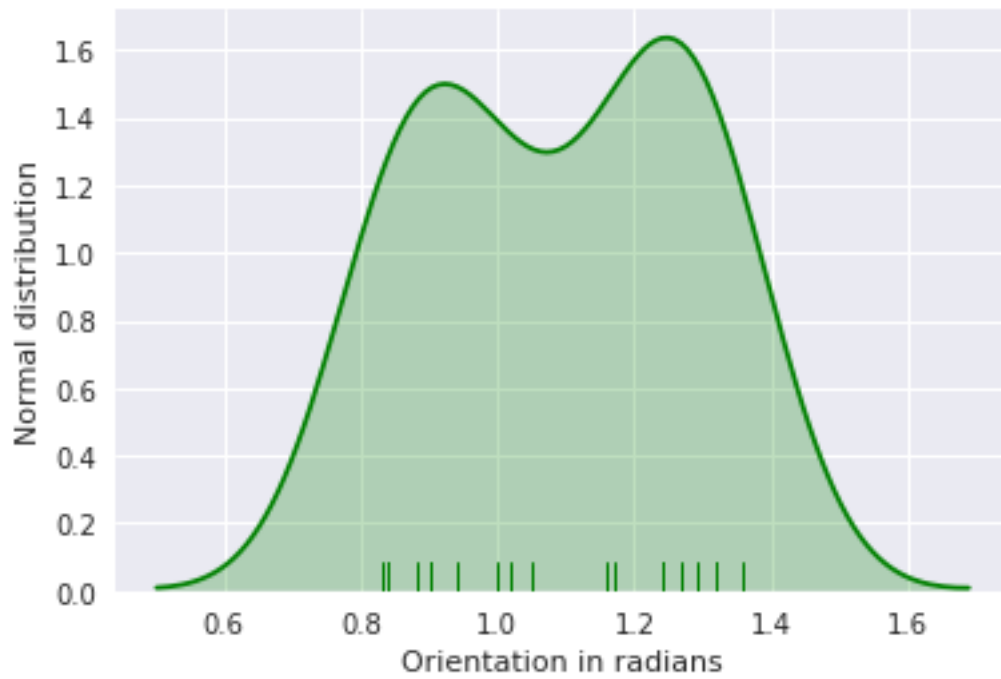

Plots before the removal of outliers for the orientation of the straight motion with object of s

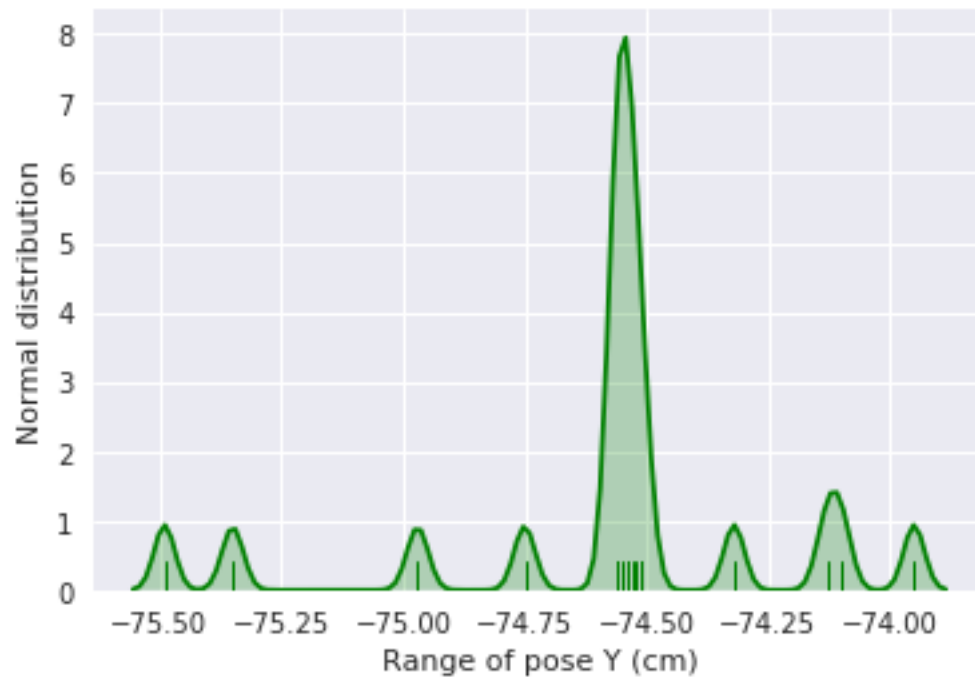

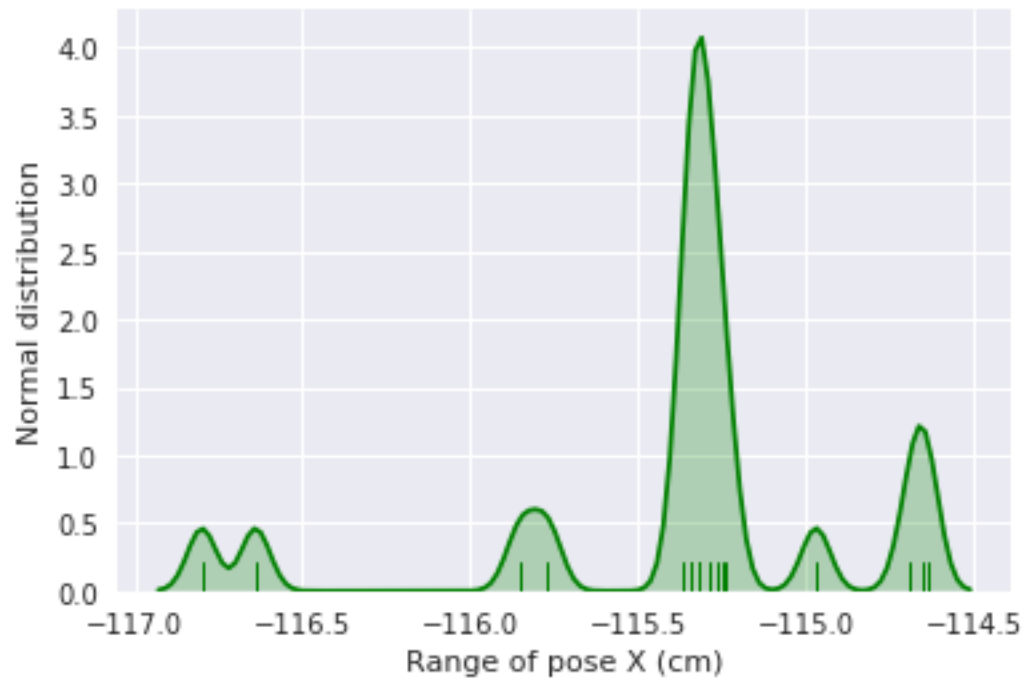

Plots before the removal of outliers for the poses of the left motion with object of small mass

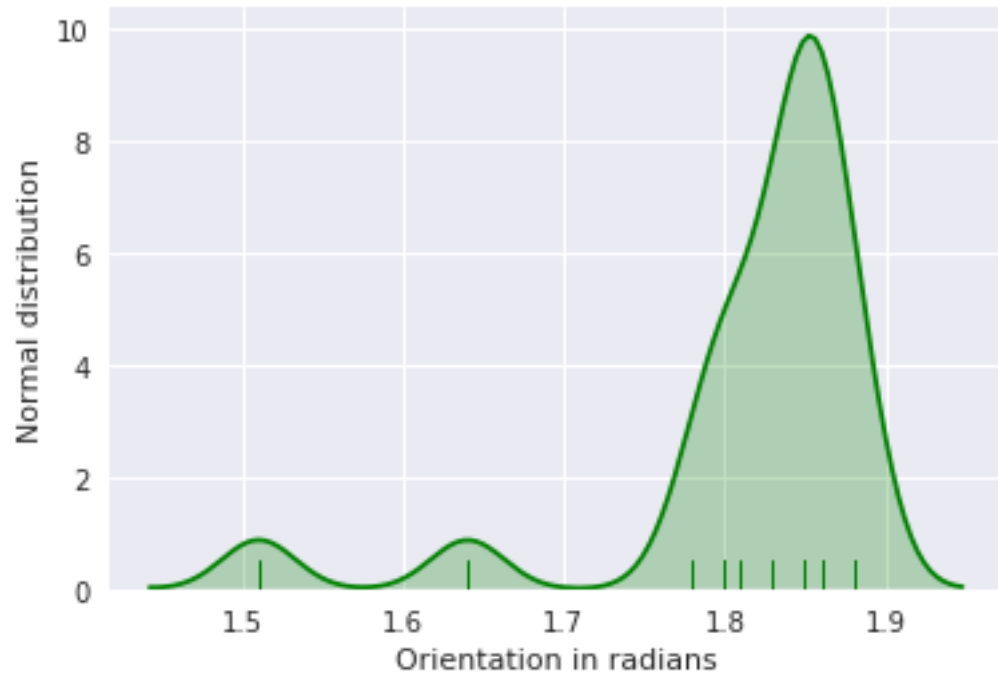

Normal distribution of orientation for placing marker left

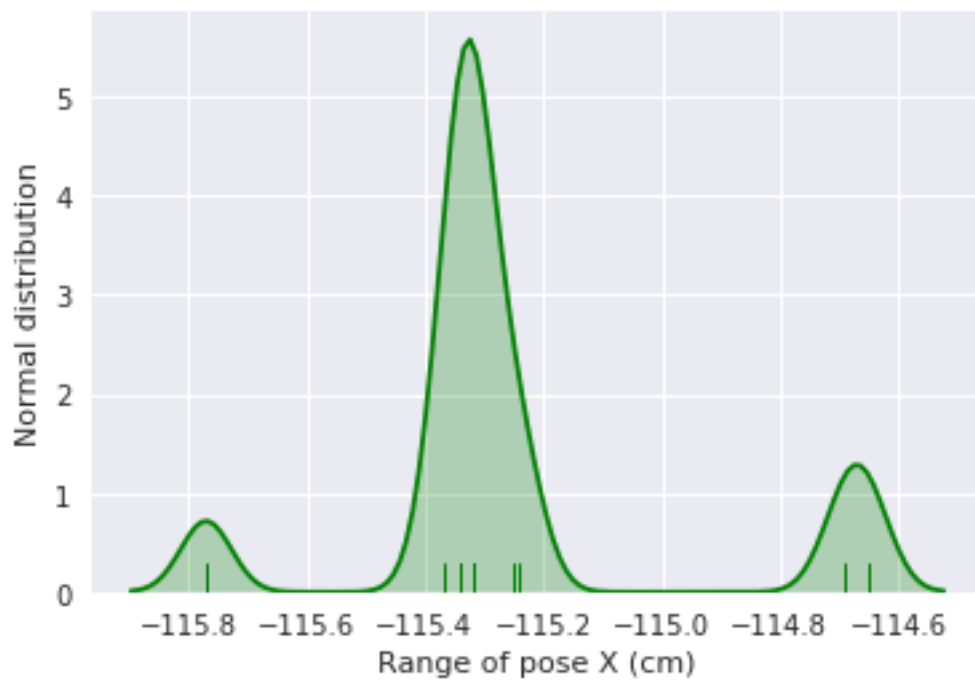

Plots before the removal of outliers for the poses of the right motion with object of small mass

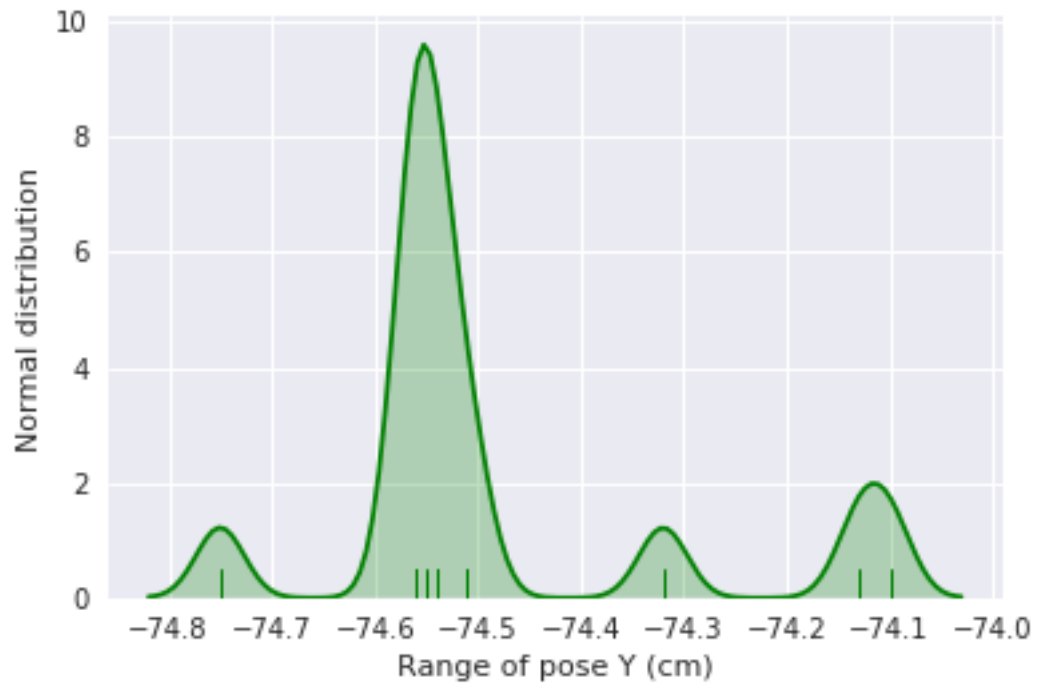

Normal distribution of orientation for placing marker right

Plots after the removal of outliers for the poses of the right motion with object of small mass

Plots after the removal of outliers for the poses of the right motion with object of small mass
